

Georgian Bay Forever needs to qualify 70 more volunteers and their washing machines for this 2-year project.

A qualified volunteer will receive a **free filter** for their washing machine that will be installed by a plumber at no cost to the volunteer.

Pictures of the free filter, and its measurements 15"tall x 9"wide x 8"deep + 6" from top

## To qualify, 3 simple criteria must be met.

- (1) Volunteers must have their washing machine connected to Parry Sound Town water (not a septic).
- (2) There must be space for the filter unit - which is about the size of a large vertical paper towel dispenser.
- (3) Georgian Bay Forever needs some volunteer participation over the course of 2 years, which includes a short survey about laundry habits and emptying the filter every 2-3 weeks in a provided bag that will be picked up for measurement.

Examples of filter installments

**If you think you qualify, please email us at [info@gbf.org](mailto:info@gbf.org)**
